## LATEST FOREIGN NEWS.

Continued from 1st Page.

from Buluwayo is that the Matabele are again massing around that place. The situation seems no better than it was last April when Buluwayo was practically besieged for weeks.

The London Chronicle publishes a letter from Buluwayo giving a characteristic description of Burnham, the American scout who has done such excellent service against the Matabele by his shooting of Milimo, the Matabele god, in a cave in the Matoppo hills while he was in the very act of performing some of the religious mummeries by which he has maintained his hold on the superstitious natives.

The Chronicle's correspondent says of the American: "Among the workmanlike and picturesque figures here scarcely one catches and charms the eye more than the spry and alert form of Burnham. Years ago Selous, the famous elephant hunter said to be the original of Rider Haggard's 'Allan Quatermain,' captivated me with his wondrous hunter's eye. Now Burnham does the same."

## GAUDAUR THE CHAMPION.

At Halifax, N. S., July 28, a single sculling race took place for the world's championship, distance three miles. Seven started, as follows: E. D. Rogers of Schuyler, N. Y.; E. D. Durnan of Toronto, J. J. Casey of Boston, Louis Lovette of Halifax, George Buebar of London, Edward Hanlan of Toronto and G. G. Gaudaur of Atherly, Ontario.

Gaudaur took the lead from the start, being closely followed by Durnan and Rogers. These positions were maintained throughout. Gaudaur crossed the finish line in 20:25, having almost a walk-over.

Rogers led Hanlan about half a length. Casey and Lovett did not finish. The ex-champion was somewhat handicapped by having to row in a borrowed shell, his own having been damaged in transit. The prizes in the event were \$500 to the first, \$150 to the second and \$100 to the third.

wald conference at Berne, Switzerland, upon the subject of Anglo-American arbitration. Mr. Abbott earnestly urged the formation of a permanent supreme court of judicature to deal with all disputes, and he said the leaders of public opinion in America favored this plan. It was for the Anglo-Saxons, he continued, to set the example of substituting law for war and reason for brute force, and the time for this was ripe.

The Irish land bill has passed the third reading in the House of Commons.

Tumult reigns in the International Socialist and Trades Union Congress in London. French and Russian delegates cause trouble. There is a bitter struggle to secure the admission of anarchist members. The congress has passed a resolution in favor of arbitration to prevent war.

JAMESON AND HIS COMRADES CONVICTED.

Grey, Colonel H. F. White, Major R. White and Captain Henry F. Coventry, charged with violation of the neutrality laws in invading the territory of the South African Republic, was concluded. The jury found all the defendants guilty of violating the foreign enlistment act.

Jameson was sentenced to fifteen months' imprisonment without labor, Major John Willoughby to ten months, Major White to seven months, and Captain Henry F. Coventry, Colonel R. Grey and Colonel H. F. White to five months each.

Jameson and his fellow prisoners have been made first-class misdemeanants, which allows them to have their meals from outside Holloway Jail, to dress in their own clothes, to have their menial work done by the other prisoners, and to have a small allowance of beer or wine.

## Curative Skin Soap

We perspire a pint a day without knowing it; ought to. If not, there's trouble ahead. The obstructed skin becomes yellow or breaks out in pimples. The trouble goes deeper, but this is trouble enough.

If you use Curative Skin Soap, no matter how often, the skin is clean and soft and open and clear.

Don't use any other but Curative Skin Soap on the baby if you want its skin kept free from blemishes which torment the little ones. There's no doubt about its being the best and purest medicinal soap. Try it.
